PROFILE

Btech CSE 2nd year student at GBU Noida, seeking opportunities to showcase the skills.

Bringing forth a motivated attitude and a variety of powerful web dev and UI Designing skills. Highly experienced in Website Design Systems, Mockups and Wireframing.

EXPERIENCE

Web Developer at ImmiGlobe Immigration Corp — September 2021

- Developed and hosted a fully responsive website containing more than 20 pages using modern techniques and having a performance index of 90+ on lighthouse.

- Part of two members team.

- Project delivered in one month after working closely with client's feedback.

Website UI Design at DogeHouse.com — March 2021

- Effectively redesigned whole DogeHouse.com from start to finish in Figma.

- Utilized excellent leadership and organizational skills to achieve the goal of making website easy to use and make it user friendly.

- Also, coded the components to use them in ReactJS

- Worked well independently and on a team of three to overcome design problems.

EDUCATION

Guatam Buddha University, Noida — Btech CSE 2nd Year

- Passed 1st year with 7.8 SGPA.
